

Social Investment Policy

This policy establishes the corporate objectives and strategies related to EDP Renováveis Group's Social Investment, which is expressed in Social Responsibility programs and activities in society through proprietary and collaborative initiatives, donations and volunteering.

DEFINITION

Social Investment - financial and non-financial contributions that have proven to help local communities and broader society to tackle their development priorities.

OBJECTIVES

EDP Renováveis Group's Social Investment programs and activities are geared towards social objectives integrated into one or more of the following priorities:

- a) Promote access to **culture and art** and protect cultural heritage
- b) Promote **social inclusion** and the adoption of **sustainable ways of living**, enhancing energy inclusion and **access to energy**
- c) Protect **natural heritage and biodiversity**
- d) Promote **energy efficiency, renewable energy** and decarbonization

COMMITMENTS

In the development of its Social Investment activity, the EDP Renováveis Group commits itself to:

1. **Create value for stakeholders and for the EDP Renováveis Group** through Social Investment programs and activities that combine the satisfaction of social needs and the core needs and themes of each business.
2. **Act in accordance with the Social Responsibility Principles (ISO 26000) and the United Nations Guiding Principles** on Social Investment, of Relevance, Accountability, Transparency, Ethical Conduct and Respect.
3. **Promote continuous improvement** of program performance by defining medium and longterm plans, objectives and targets, and establishing adequate criteria for the selection, development, monitoring and evaluation of results, using an internationally recognized corporate methodology to assess the benefits for society and the business.
4. **Verify and audit** adequate compliance with the Social Investment Policy.
5. **Define** human resources **policies** and make adequate media, organizational **structures**, financial **resources**, goods and services available for the development of programs and activities.
6. **Publicly and transparently communicate** its Social Investment policy, its programs and their performance.

STRATEGIES

The defined objectives and commitments must be implemented through the following strategic lines:

1. Develop **proprietary programs and collaborate in activities of third parties** aligned with the EDP Renováveis Group's Social Investment objectives and commitments.
2. Foster corporate **volunteering**, mobilizing the skills of business units and employees.
3. Foster the involvement of the **Third Sector and multi-stakeholder collaboration** in the development of the programs.
4. Value **education** and awareness as essential vectors for achieving the objectives.
5. Develop **programs aimed at local communities** in the areas of influence of production centers, distribution concession areas and in client communities.
6. Guarantee the **reputation** of the social investment programs and foster **recognition** of the EDP Renováveis Group.
